**DETAILED ACTION**

1. Applicant's amendment filed 2/1/08 fails to overcome the rejection of claim 4. Further explanation of this rejection necessitated by the amendment is set forth in paragraph 2 below. Newly added claim 11 is allowed.

***Claim Rejections - 35 USC § 102***

2. Claim 4 is rejected under 35 U.S.C. 102(b) as being anticipated by Beiersdorf AG.

The discussions of Beiersdorf AG in the previous office actions are incorporated here by reference. Beiersdorf discloses a lubricant composition comprising the compound of formula (3) in claim 4. Claim 4 has now been amended to require that the composition further comprise a lubricant base oil. However, this amendment does not overcome the rejection. Several of the sample compositions on pages 13-17 contain mineral oil, a composition containing the compound of Beiersdorf and mineral oil meets the compositional limitations of claim 4. While Beiersdorf discloses the compositions as cosmetic or dermatological compositions, it is clear that the compositions are also capable of functioning as lubricants, and therefore meet the limitations of claim 4.

***Allowable Subject Matter***

3. Claims 7-9 are allowed, for the reasons set forth in the previous office actions. The nearest prior art compound is found in Heidenfelder, paragraphs 179-193, but the R groups disclosed in the reference do not match those of claims 7-9.

Claims 10 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims. The R groups disclosed in Beiersdorf AG or Heidenfelder do not meet the limitations of claim 10.

Claim 11 is allowed. While Beiersdorf AG discloses the compound recited in claim 11, Beiersdorf only discloses applying it to skin as part of a cosmetic or dermatological composition. There is no teaching or suggestion that would have led one of ordinary skill in the art to apply the compound to sliding parts.

### ***Response to Arguments***

4. Applicant's arguments regarding amended claim 4 have been address in paragraph 2 above.

### ***Conclusion***

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the

Art Unit: 1797

shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
